

Weekly Challenge #2

Welcome to the Count on Us Secondary Challenge's second weekly challenge. This one looks at Hex strategy.

On each board some blue and red players are already on the board. The red team play next. Your job is to place the next red player on the board and then explain why they are sure to win the round, regardless of what the blue team do. In all but the first board, there are many possible answers. Find them all!

HELP US SPREAD THE WORD...

We want to make sure everyone in London knows about your fantastic maths problem solving. Share your thinking, your solutions and photos on Twitter!
Keep them coming and remember - tag us and your school in any online activity.
