

## Payroll Giving

**Donating directly from your salary is one of the most efficient, tax-effective ways to support the Mayor's Fund for London**

Setting up Payroll Giving is quick and simple. First, ask your employer if they have a Payroll Giving Scheme in place.

Each payday, your employer will take your chosen donation from your gross salary. The donation is taken after National Insurance is deducted, but before tax.

This means that your donation will cost up to 45% less through the tax break, dependent on your tax bracket. [Find out more on the HMRC website.](#)

Please note that Payroll Giving is only available for salaried PAYE employees.

If you would like to talk to a member of our team about payroll giving, please contact Louise Richmond, Director of Development, on 020 7983 5822 or via email at [lrichmond@mayorsfundforlondon.org.uk](mailto:lrichmond@mayorsfundforlondon.org.uk).

**Thank you so much for supporting the Mayor's Fund for London.**

**Your gifts enable us to champion social mobility and improve life chances for thousands of disadvantaged young Londoners.**

**We could not do this without your help.**
